

Eric Holzbach

ericholzbach at pm dot me | 213-587-0885 | www.ericholzbach.net

Focus on data center and AWS infrastructure architecture, GNU/Linux & FreeBSD systems administration, development & automation, risk management, network engineering.
Relentless problem solver, requires continuous learning.

- Principal Software Engineer – Gigamon July 2018 - Current
www.gigamon.com

Gigamon acquired Icebrg, July 2018

- Senior Operations Engineer – Icebrg Inc. December 2015 – July 2018
www.icebrg.io

Data center and AWS infrastructure architecture
Deployment automation
Network engineering
Security audit & remediation

- Senior System Security Engineer – Salesforce Inc. January 2015 – December 2015
www.salesforce.com

Cloud security for production infrastructure
Management of authentication and authorization systems
System & user access control implementation

- Senior Configuration Engineer - FireEye Inc. February 2014 – January 2015
www.fireeye.com

Puppet module development
Infrastructure architecture
Service reliability design
Process streamlining and automation

- Senior Systems Administrator - FireEye Inc. January 2014 – February 2014
www.fireeye.com

FireEye Inc. acquired Mandiant January 2, 2014

- Mandiant / February 2012 – January 2014
www.mandiant.com

Implementation and management of production infrastructure
Process automation
Configuration management with Puppet, deployment orchestration with Mcollective

Custom software deployment and lifecycle management
Provisioning of servers, switches, firewalls, general NOC maintenance
Deployment and management of network intrusion detection systems in a globally distributed environment

- [Linux Systems Administrator - InMotion Hosting / August 2010 – February 2012](http://www.inmotionhosting.com)
www.inmotionhosting.com

QoS management in shared, virtualized and dedicated platforms
Monitoring and incident response
Task automation
Identify and resolve PCI-DSS issues
Troubleshooting hardware failures
Provisioning of servers, switches, pdu's, general NOC maintenance
Network and host intrusion detection
Rotating 24 hour on-call schedule
Customer service support

- Credentials

(ISC)2 Certified Information Systems Security Professional (CISSP)
Puppet Certified Professional
CompTIA Security+
CompTIA Network+
